Investment Philosophy & Strategies

- Our top-down process begins with a collaborative, dynamic discussion regarding the economy, (global & domestic), monetary & fiscal policy, and investment trends
- Weekly Investment Committee meetings include analysis from macro, equity and fixed income perspectives
- Team-developed, overarching themes are applied across our strategy spectrum
- We monitor/adjust as economic environment flexes
- Our Team approach ensures continuity of process over time, decreasing reliance on any one individual

EQUITY	TAXABLE FIXED INCOME	NON-TAXABLE FIXED INCOME	GLOBAL ETF STRATEGIES
Large Cap	Intermediate Gov/Credit	State Specific Municipal	Global Growth
Mid Cap	Corporate	National Municipal	Global Income & Growth
Small Cap	Government		Global Balanced
All Cap	Bond Proceeds		International
	Short-Term Duration		

Investment Committee

Greenwood Capital utilizes an Investment Committee of six professionals to implement its macro-economic investment philosophy and oversee its investment strategies. At a time when it may seem difficult to have confidence and trust in financial sources, we provide knowledge and expertise strengthened by the cohesiveness and longevity of an established and accessible team.
